

The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes

The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes

The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes

The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green	
Male	22	152	55	
Female	45	171	69	

A student is chosen from the group at random.

A = the student chosen is male B= the student chosen has blue eyes The eye colour and gender of a group of students are noted and the results are indicated below:

	Blue	Brown	Green
Male	22	152	55
Female	45	171	69
