# Magic Square

These squares are magic because each row of four circles magically adds up to 100. You're the magician. See if you can use the numbers in the box below to make the puzzle work. Four numbers have been added to get you started.

10.39	9.02	29	3.09	43	10.6	12.42	57.5
-------	------	----	------	----	------	-------	------
