

Name _____

Date _____

Star Maze

Find your way through the maze from start to finish by crossing over the next greatest fraction.
Draw a line to show the path.

The maze is a large five-pointed star shape with a smaller star in the center. The word "Start" is at the top-left point, and "Finish" is at the center of the inner star. The path is determined by choosing the next greatest fraction at each junction. The fractions are:

- Start: $\frac{1}{60}$
- Top junction: $\frac{2}{55}$
- Left junction: $\frac{1}{24}$
- Right junction: $\frac{1}{25}$
- Inner left junction: $\frac{1}{7}$
- Inner right junction: $\frac{7}{8}$
- Center junction: $\frac{3}{3}$ (Finish)
- Inner left junction: $\frac{1}{11}$
- Inner right junction: $\frac{3}{4}$
- Inner left junction: $\frac{2}{20}$
- Inner right junction: $\frac{2}{5}$
- Inner left junction: $\frac{5}{7}$
- Inner right junction: $\frac{8}{64}$
- Inner left junction: $\frac{2}{9}$
- Inner right junction: $\frac{2}{3}$
- Inner left junction: $\frac{1}{4}$
- Inner right junction: $\frac{5}{9}$
- Inner left junction: $\frac{3}{4}$
- Inner right junction: $\frac{4}{9}$
- Inner left junction: $\frac{9}{11}$
- Inner right junction: $\frac{1}{3}$
