

2 Look at the 10 squares.

(a) The fraction of shaded squares is $\frac{\quad}{10}$

(b) The fraction of unshaded is $\frac{\quad}{\quad}$

3 For each group write the shaded and unshaded fraction.

Fraction shaded $\frac{\quad}{\quad}$

Fraction unshaded $\frac{\quad}{\quad}$

Fraction shaded $\frac{\quad}{\quad}$

Fraction unshaded $\frac{\quad}{\quad}$

Fraction shaded $\frac{\quad}{\quad}$

Fraction unshaded $\frac{\quad}{\quad}$

Fraction shaded $\frac{\quad}{\quad}$

Fraction unshaded $\frac{\quad}{\quad}$

4 Look at the animals shown.

(a) Write the total number of animals.

(b) Write the fraction of animals that are hens. $\frac{\quad}{\quad}$

(c) Write the fraction of animals that are cows. $\frac{\quad}{\quad}$

(d) Write the fraction of animals that are horses. $\frac{\quad}{\quad}$

(e) Write the fraction of animals that are NOT horses. $\frac{\quad}{\quad}$
